In the Matter of **US West Communications'**
Request for Approval of Certified Actual Costs
Associated with the **Nicollet County** 911
Emergency Telephone Services System

ISSUE DATE: **December 12, 1995**

DOCKET NO. **P-421/ES-95-1216**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On April 7, 1981, the Minnesota Public Utilities Commission (the Commission) approved Nicollet County's final plan for the establishment of a 911 Emergency Telephone Services System.

In January, 1987, US West Communications (the Company) placed a portion of a 911 Emergency Telephone System into service in Nicollet County.

On August 3, 1988, the Commission approved the Company's initial cost certification for the establishment of a 911 Emergency Telephone System in Nicollet County.

In December, 1992, the Company added Automatic Number Identification (ANI) service in all exchanges in Nicollet County. On June 30, 1995, the Company added Local Location Identification (LLI) service in all exchanges in Nicollet County.

On September 27, 1995, the Company certified the additional actual costs it incurred for the provision of 911 Emergency Telephone Service in Nicollet County.

US West is now requesting Commission approval of actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility

incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

US West has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Nicollet County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Nicollet County which have been certified by the Company are appropriate and accurate.
